

RAMEY

Chardonnay

RUSSIAN RIVER VALLEY

VINEYARDS

- Sites** 55% Westside Farms, 18% Kilcullen, 13% Dutton Sebastopol, 10% Martinelli Charles Ranch, and 4% Frank Johnson
- Soil & Clonal Selection** These are cool sites, with low vigor soil such as Goldridge Loam, planted between 1978 and 2006. The vineyards are mostly planted to UC Davis Clone 4, known for its prominent acidity and large clusters, with lesser percentages of Wente and aromatic clones like Rued.

VINTAGE

- Harvest Dates | Brix** August 28 - September 6 | 22.4° average

WINEMAKING

- Fermentation** We press whole clusters for phenolic delicacy. Native-yeast and full native malolactic fermentation take place in barrel, with *sur lies bâtonnage*.
- Aging** After aging 12 months in 10% new French oak barrels (Taransaud Beaune, François Frères), the Chardonnay was traditionally fined for clarity during the following harvest and bottled without filtration in January 2023.
- Release Date | Price** May 2023

Coming from special vineyard sites, our Chardonnays show great depth of flavor, length of finish, aromatic complexity, and a fine balance between richness and delicacy. Typically, the climate is cool and the soil vigor low, producing graceful yet vibrant wines.
